RESOLUTION #77 OF 2021

WHEREAS, The Town of Grafton would like to acknowledge our volunteer firefighters and ambulance crews that work for our municipality. The hours that they put into our community does not go unnoticed. Without them and their dedication to the Town of Grafton we would not have the support we take for granted so many times; with their time and sacrifice so many people stay safe.

NOW, IT IS HEREBY

RESOLVED Any Town of Grafton employee who is an active volunteer firefighter or member of a volunteer ambulance service or company (1) may, with the authorization of such employee's appointing authority, be permitted to leave work in order to respond to fire calls or ambulance calls during such employee's regular hours of employment without loss of pay, vacation time, sick leave or earned overtime accumulation, or (2) shall be permitted to respond to such calls prior to reporting for work without such prior authorization and without loss of pay, vacation time, sick leave or earned overtime accumulation, provided in either case, if requested by such employee's appointing authority, such employee submits a written statement from the chief of the volunteer fire department or the medical director or chief administrator of the volunteer ambulance service or company verifying that such employee responded to a fire or ambulance call and specifying the date, time and duration of such response, and it is further

RESOLVED Any Town of Grafton employee who is a certified disaster service volunteer of the American Red Cross may, with the authorization of such employee's supervisor, be granted a leave not to exceed twenty working days in each year to participate in specialized disaster relief services for the American Red Cross, upon the request of the American Red Cross, without loss of pay, vacation time, sick leave or earned overtime accumulation, and it is further

RESOLVED Any Town of Grafton employee who is an active volunteer firefighter or member of a volunteer ambulance service or company may, with the authorization of such employee's appointing authority, be allowed to attend training sessions or drills during such employee's regular hours of employment without loss of pay, overtime accumulation or sick leave, and it is further

RESOLVED Any Town of Grafton employee who is an active member of a volunteer canine search and rescue team (1) may, with the authorization of such employee's supervisor, be permitted to leave work in order to respond to search or rescue calls during such employee's regular hours of employment without loss of pay, vacation time, sick leave or earned overtime accumulation, or (2) shall be permitted to respond to such calls prior to reporting for work

without such prior authorization and without loss of pay, vacation time, sick leave or earned overtime accumulation, provided in either case, if requested by such employee's supervisor, such employee submits a written statement from the chief of the police or fire department verifying that such employee responded to a search or rescue call and specifying the date, time and duration of such response. As used in this subsection, "volunteer canine search and rescue team" means an individual and a dog (A) appropriately trained and certified to engage in search and rescue operations by a nonprofit canine search and rescue organization that is a member of the National Association of Search and Rescue, or its successor organization, and (B) who jointly engage in such operations at the request of a police or fire department and provide services without compensation, and it is further

RESOLVED that all the foregoing provisions shall be valid only as long as they are in conformity with New York State and Federal Laws and Regulations.
